USDF Horse Welfare Statement

As those engaged in equestrian sport, we are committed to ensuring our horses receive the best possible care to the best of our ability. We acknowledge that we are the caretakers of our horses and as such we are committed to always, without exception, treating our horses with dignity, fairness, kindness, and understanding.

We realize that horses, whether in a herd or as an individual, will communicate contentment, fear, pain and confusion in the only way they can, which often takes the form of physical reactions that can be misinterpreted and misunderstood.

Therefore, we believe it is our obligation to seek to understand our horses with the goal of providing care and training methods that are never the manifestation of anger, frustration or cruelty. We are committed to these principles at all times, whether on or off the show grounds.

We are committed to humane treatment and application of these principles on behalf of all animals including but not limited to horses, donkeys, mules, companion animals, and pets. Lack of humane treatment, whether the result of actions taken, or by care withheld, will not be tolerated.

4 STEPS TO HEALTHY HOOVES

by SmartPak

Every rider has heard the saying “no hoof, no horse.” The quality of your horse's hooves can be influenced by a number of factors, including these four key areas: regular professional maintenance, environmental management, exercise and activities, and proper nutrition.

Why hoof health matters

There's more to your horse's hooves than meets the eye. Your horse's outer hoof wall surrounds, protects, and supports bones, tendons, ligaments, cartilage, nerves, and an intricate vascular network. These vascular pathways — composed of arteries, veins, and capillaries — function as a key element in maintaining the health of the foot.

Weak, unhealthy hooves can cause a variety of problems, from unsightly chips, cracks, and crumbling, to unsoundness and discomfort. But healthy hooves take a long time to grow. That's because just like our own fingernails, the hoof wall is mostly composed of dead tissue, so it can't mend and heal. Instead, damaged sections have to be regrown and replaced, and because your horse's hooves grow from the hairline down at an average rate of $\frac{1}{4}$ " per month, completely growing out a healthy hoof wall can take up to a year! That's why it's a smart choice to support healthy hooves before your horse's hooves show signs of weakness.

1. Regular, professional maintenance

In the artificial environments we provide, horses simply can't maintain their hooves as they would in their natural environment, and poorly maintained hooves can have far-reaching effects. A long, unbalanced hoof will negatively impact your horse's way of going, putting undue strain on the joints, tendons, and ligaments of the entire limb. So it's important to think of hoof care as a major part of your horse's overall health and wellbeing — after all, it's called “horse shoeing,” not “hoof shoeing,” for a reason!

Whether your horse is barefoot or shod, working with a knowledgeable hoof care professional is essential to maintaining healthy, well-balanced hooves. And like most things in your horse's life, consistency is key. That's why the first step to supporting optimal hoof health is finding a hoof care professional you trust, setting up a regular maintenance schedule, and sticking to it!

2. Environmental management

Your horse's hoof is equipped to manage natural, gradual fluctuations in moisture. However, between the barn, the pasture, the ring, and the trails, you'd be surprised at how many times your horse's hooves go from wet to dry and dry to wet every day. Unfortunately, frequent shifts from one environment to the other can cause the hoof wall to rapidly expand and contract, which may lead to cracks and other structural problems.

In order to help your horse put his best foot forward, try to limit changes in moisture level as much as possible. For additional support, try a topical that actually helps stabilize moisture levels in the hoof, like a hoof hardener or a hoof gel instead of turning to a standard hoof moisturizer.

3. Exercise and Activity

You probably know that turnout and exercise have many benefits for your horse, but did you know that one of the benefits is supporting hoof health?

Your horse's hoof surrounds, protects, and supports bones, tendons, ligaments, cartilage, nerves, and an intricate vascular network. These vascular pathways — composed of arteries, veins, and capillaries — function as a key element in maintaining the health of the foot. That's because the strength of the equine foot depends on nourishment provided by good circulation. By supporting healthy circulation, you're ensuring nutrient-rich blood is pumping throughout the foot.

But how do you support healthy circulation? That's where exercise and activity come in! In order to promote good blood flow, the frog and the solar (bottom) surface of the foot need to be engaged — in other words, your horse needs to get moving! Research

shows horses in nature graze and move for approximately 17 hours per day, but modern horsekeeping often results in much less activity than that. Maximizing your horse's turnout time and space is a great first step, but if time and/or space are limited — or your horse is a lazy pasture puff — consider looking for opportunities to up his exercise, including lunging, hot-walking, trail riding, etc.

4. Proper nutrition

Nutrition is another area of hoof health that can't be ignored. Proper nutrition plays a vital role in helping your horse maintain healthy, resilient hooves, which is why daily support from a supplement is a smart way to support healthy hooves all year long.

Biotin is vital to the growth of strong, healthy hooves due to its role in collagen formation. Research has shown that supplementing with 10–30 mg of biotin per day may help promote growth rate and integrity in poor quality hooves. In addition to biotin, look for supplements that provide the amino acids critical to hoof health. Lysine, methionine, and threonine — which play a vital role in the formation of hoof structures — are essential amino acids, meaning that your horse can't make them on his own and needs to get them from his diet.

Minerals like copper and zinc have also been shown to support healthy hoof growth and help keep hooves strong. Lastly, remember how in step 3 we talked about the importance of healthy circulation? Well, you can support circulation from the inside, too! Look for a supplement that has ingredients to support blood flow and vascularity, like the amino acid arginine and the B vitamin niacinamide.

Give your horse the solid foundation he deserves

Now that you know four ways that you can help support your horse's hoof health, take time to protect and maintain them, rather than waiting until there is a problem later. SmartPak offers resources and tips with additional ways to support your horse's feet at www.SmartPak.com

2026 Great American Insurance Group/USDF Regional Dressage Championships

A single Regional Dressage Championship program organized by the United States Dressage Federation (USDF), and recognized by the United States Equestrian Federation, Inc. (USEF), will be held in each of the nine USDF regions. In addition, Alaska and Hawaii may each hold state championships if an official request from a Group Member Organization (GMO) is received by April 1 of the prior year. The Regional Championship Program Rules can be found on the USDF website at www.usdf.org. Please refer to the 2026 USDF Member Guide for the comprehensive list of rules and requirements for this program.

Membership/Registration Requirements for Qualifying and Championships

All memberships and registrations/recordings must be correct and current at the time qualifying scores are earned and at the time of the championships.

Rider:

- Must have a USDF Participating* Membership (PM).
- Must have a USEF membership (Active or Life).

Horse:

- Must have a USDF Lifetime Horse Registration (LHR).
- Must have a USEF (Annual or Lifetime) Horse Recording.
- USDF horse registration and USEF horse recording must be in the name(s) of the current owner(s) or lessee(s).

A horse is not required to have breed registry papers.

- Horses must be entered in qualifying and championship classes under their official recorded names and ownership as specified in USEF GR1102.3, and transfers of ownership or lease registrations must be completed in compliance with USEF rules GR1105 and GR1108 prior to the competition in order for the horse to compete under the name of the new owner or lessee. (USEF DR127.2)

Owner:

- Must have a USDF Participating or Business Membership and a USEF membership (Active or Life Membership or Annual Recorded Farm/Business (with Senior Active Competing Farm Owner in good standing)). If the horse has more than one owner, at least one owner must have both active USEF membership and active USDF Participating or Business Membership and must be the owner of record with USEF and USDF. For a business or farm to be the valid owner under this requirement, it must be listed as an owner of the horse with both USEF and USDF.

* PMs are USDF members who join USDF directly. USDF Group Members (GM) are ineligible.

UNITED STATES DRESSAGE FEDERATION™

USDF US Dressage Finals Eligibility

The US Dressage Finals is an Invitational competition using the USEF/USDF Regional Championship program to qualify. Qualifying takes place at each of the nine Great American/USDF Regional Dressage Championships, based on either 1) Ranking in a Regional Championship Class or 2) Wild Card Eligibility. Either must be achieved at a Regional Championship in a class and eligible division offered at the US Dressage Finals.

I. Qualification Based on Ranking in a Regional Championship Class:

Champion and Reserve Champion horse/rider combinations for each level and eligible division from each of the nine Regional Championships will be automatically invited, provided the following three requirements are met: US Citizenship; Declaration of Intent completed by the deadline; and earning an eligible ranking in a Regional Championship class.

Freestyle classes at Regional Championships have two different classes per level, Open/Junior/Young Rider and Adult Amateur. The top two declared horse/rider combinations from the Open/Jr/YR Freestyle class and the top two declared Adult Amateur horse/rider combinations from the AA Freestyle class for each level from each of the nine Regional Championships will be automatically invited.

To be eligible for the Adult Amateur division in the Freestyles at the US Dressage Finals, competitors must check the AA box on the Regional Championship entry form and must provide proof of Adult Amateur status prior to competing in their Regional Championship classes.

- 1) United States Citizenship Requirement: **To compete in any US Dressage Finals class, the rider must be a US citizen.**
- 2) Declaration Requirement: **The horse/rider combination must declare their intention to participate** by completing the Declaration of Intent form by midnight on the day prior to the first day of their Regional Championship competition (including any open class day before the start of championship classes). **There is no fee to declare, but horse/rider combinations must declare at the level(s) and eligible division(s) they intend to compete in at the US Dressage Finals. Go to www.usdressagefinals.com to declare.**
- 3) Ranking in a Regional Championship Class: **Eligibility to enter US Dressage Finals classes is based on a horse/rider combination's ranking in a Regional Championship class. Champions and Reserve Champions in eligible classes will be automatically invited, as long as they have declared by the deadline. Note: In order to be named Champion and Reserve Champion in a Regional Championship class, a horse/rider combination must have achieved a score of 57% or higher.**

In the event that the Champion and/or Reserve Champion declines the invitation, or are ineligible to compete in the US Dressage Finals, the horse/rider combination that has the next highest ranking in the class will be eligible, providing they:

1. **Are a US citizen.**
2. **Completed the Declaration of Intent for that particular level and division by the deadline.**
3. **Achieved the pre-requisite score of 57% or higher.**

If that combination declines, the same process will be followed down through the fifth ranked declared horse/rider combination for that Finals level and division.

No notifications will be issued beyond the fifth ranked, of declared horse/rider combination except as may be eligible through the Wild Card invitations described below.

II. Qualification Based on Wild Card Eligibility:

Horse/rider combinations who are not otherwise qualified to compete in the US Dressage Finals based on their Regional Championship ranking (see above) may be invited to participate in a Finals class by earning a Wild Card score achieved at one of the nine Regional Championships, provided the following two requirements are met: US Citizenship and earning an eligible Wild Card score in a Regional Championship class.

- 1) United States Citizenship Requirement: To compete in any US Dressage Finals class, the rider must be a US citizen.
- 2) Eligible Wild Card Score: Eligibility to enter US Dressage Finals classes is based on a Wild Card score earned in a Regional Championship class. For all levels and divisions from Training through Grand Prix, a horse/rider combination that competes in a Regional Championship class and achieves a score at or above the score listed below for that level and division may compete in the same level and division at the US Dressage Finals.

Note: Horse/rider combinations are not required to have filed a "Declaration of Intent" in order to receive a Wild Card invitation.

III. Invitations:

Invitations and notifications will be emailed to eligible/qualified horse/rider combinations immediately after each Regional Championship. There will be three categories of emails:

- 1) Invitation emails will be sent to the top two of the top five declared horse/rider combinations.
- 2) Invitation emails will be sent to combinations eligible for a Wild Card.
- 3) Notification emails will be sent to the third to fifth declared horse/rider combinations, notifying them that they are on the reserve/alternate list and reminding them to check the website for any status changes that would make them eligible for an invitation.

In the event that an invited horse/rider combination scratches, invitations may be issued up to the start of the competition.

Note: Competitors do not need to receive an actual invitation to nominate themselves for the US Dressage Finals. The entry system will have their eligibility status and they can nominate prior to receiving an email invitation.

IV. Nomination Requirement:

Nomination, including payment of the nomination fee, is required for participation in US Dressage Finals classes, whether qualifying through ranking in a Regional Championship class or by Wild Card Eligibility. The nomination deadline is midnight on Friday after the last championship day in the regional championship show in which the horse/rider combination competed. Each US Dressage Finals horse/rider combination is required to complete the nomination (preliminary entry) process including the horse/rider combinations on the reserve/alternate list. The Nomination fee paid will be applied to the total amount due at Closing Date.

V. Entry Requirements

Completed entries for the US Dressage Finals *must be received* by the closing date, Saturday, October 11th midnight Eastern Time. Priority for all stabling requests (including stabling in Alltech Barns and for double stalls) will be based on the date of receipt of the COMPLETE online entry.
