I. MEMBERSHIP REQUIREMENTS FOR PARTICIPATION

- a. The horse must be actively recorded in good standing with the Federation pursuant to GR1102 and GR1108 and registered in good standing with USHJA at the time of qualification and on or before the first day of the Championship through the conclusion of the Championship.
- b. The individual owner(s) of record of the horse must be a Competing member in good standing of the Federation and USHJA at the time of qualification and on or before the first day of the Championship through the conclusion of the Championship.
- c. Ownership of the horse may change during the qualifying period and up to the close of entries for the Championships, so long as the new owner(s) meets the above requirements.
- d. The rider of the horse must be a Competing member in good standing of the Federation and USHJA at the time of qualification and on or before the first day of the Championship through the conclusion of the Championship.
- e. The rider of the horse must be a junior rider as defined in GR128 to earn qualifying results and compete at the championships. The junior rider that qualifies the horse may differ from the one that rides the horse at the Championships.
- f. Horses must have a valid microchip in accordance with HU104.
- g. A current USEF measurement card is required for horses that compete in the Small Junior Hunter sections.
 - Horses that receive a re-measurement after achieving a qualification but before the Championships, are subject to forfeiture of qualification for the Championships in accordance with HU143.2c., if the re-measurement results in the horse being assigned to a different section.
 - If a horse with no measurement card at the time of qualification later receives a measurement card that results in it being assigned to a different section from the one in which it qualified, it will be subject to forfeiture of qualification for the Championships in accordance with HU143.2c.
 - Horses that receive a re-measurement may re-qualify in their newly assigned height section.
- h. The Championships may be split into two Championships; East & West Coast. Qualified horses may compete in either Championship, but the horse owners or their agent must declare which Championship the horse will be competing in as the horse is only allowed to compete in one Championship per year.

- c. Riders competing in the 3'3" sections must not have competed at 1.30m or above during the qualifying period and through the conclusion of the Championship.

IV. PHASES

- a. The Championship will be conducted in three phases: A single Classic Round to count 40%, Under Saddle to count 20%, and a single Handy Hunter Round to count 40%.
- b. To determine the winner, scores will be calculated based on the total of all three phases after the percentages of each phase have been calculated.
 - i. **Classic Round.** The course will include at least ten obstacles, have two changes of direction, and at least one combination. Emphasis will be placed on "brilliance" for this round.
 - a. In the Classic Round each entry will be given a numerical score of 0-100 from each judge panel based on its performance.
- b. The order of go for the Classic Round will be randomized. The order of go may not be changed without the approval of the Show Committee.
 - ii. **Under Saddle.** To be shown at a walk, trot, and canter both ways of the ring. Horses will be asked to hand gallop one direction. Light contact with the horse's mouth is required. The Under Saddle is Judged on performance and soundness. Manners and suitability to be emphasized.
 - a. In the Under Saddle phase, horses will be judged in groups of twelve or fewer. Each entry will be judged and given a score of 0-100 from each judge based on its performance in the group.
- b. The order of go for the Under Saddle will either be randomized or created based on the order of go from the Classic Round. The order of go may not be changed without the approval of the Show Committee.
 - iii. **Handy Hunter.** Obstacles should simulate those found in hunt country. The course will have at least two changes of direction and at least one in and out as well as three of the following: hand gallop a jump, bending line, rollback turn, fence at the end of the ring, open a gate while mounted or trot over one obstacle. Judges will emphasize promptness and tight turns with precedence being given in that order. Handiness is defined as time and ground saving movement without adversely affecting performance or style. Brilliance of pace is defined as a faster pace than ordinary, without sacrificing performance or style. Hand Gallop is defined as a significant increase in pace without sacrificing performance or style.
 - a. In the Handy Hunter each entry will be given a numerical score of 0-100 from each judge panel based on its performance.
- b. The order of go will be created based on scores from the Classic Round, or the combined scores from both the Classic Round and Under Saddle phases. The order of go may not be changed without the approval of the Show Committee.
 - iv. Soundness. All horses are required to trot a circle on a loose rein at the end of each over fences performance. Horses may be asked to return to the ring and trot another circle at the judge's discretion.
 - v. The same junior rider is required to show an entry in all phases of the Championships but need not be the same one that rode the horse in the qualifying event. If a rider is unable to continue to compete, the rider and/or trainer must request permission for a change of rider from the Show Committee. The decision of the Show Committee is final, binding, and not subject to further appeal of any kind.
 - vi. Riders will be eliminated after two cumulative refusals in the Classic Round and Handy Hunter phases.
 - vii. If a horse/rider combination does not complete a phase or is eliminated from that phase, the horse will receive a score of "0" for that phase but may continue to compete in the remaining phases of the Championship. A horse with a total score of "0" for a phase is not eligible for an award for that phase but is eligible for an overall award.

2026 ADEQUAN / USEF JUNIOR HUNTER NATIONAL CHAMPIONSHIPS SPECIFICATIONS

V. JUDGING

a. East Coast Championships: It is required that a minimum of three judges officiate each phase simultaneously but independently of each other. It is recommended that a minimum of three panels of two judges officiate the Classic Round and Handy Hunter phases simultaneously but independently of each other, and three individual judges officiate the Under Saddle phase simultaneously but independently of each other. Each judge or panel will give every entry a score for each phase.

b. West Coast Championships: It is required that a minimum of three judges officiate each phase simultaneously but independently of each other. It is recommended that a minimum of two panels of two judges officiate the Classic Round and Handy Hunter phases simultaneously but independently of each other, and two individual judges officiate the Under Saddle phase simultaneously but independently of each other. Each judge or panel will give every entry a score for each phase.

c. Prior to the Under Saddle and Handy Hunter, each entry's score in the previous phase will be totaled and announced. During the over fences phases, the Open Numerical Scoring System is used. After each entry completes the course, each judge's score for the round is immediately shown or announced. The total overall score for each entry is then calculated as soon as it has completed the last phase.

i. Ties in the Classic Round, Under Saddle, and Handy Hunter phases will be broken based on the score of the judge that is designated as judge number one for each phase of the Championship, any further ties to be broken by the score of the judge that is designated as judge 2, and further ties to be broken by the score of the judge that is designated as judge 3. If a tie still exists for the overall standings, the score from the Classic Round will break such a tie.

Before you arrive,

HERE ARE A FEW REMINDERS ABOUT THE BEST WAYS YOU CAN KEEP YOUR HORSES SAFE & HEALTHY

- **Temperature Monitoring:** Twice daily temperature monitoring is highly encouraged while on the competition grounds and management will provide temp logs upon request. In the event of elevated disease risk or an infectious disease incursion, management will notify competitors of mandatory twice daily temperature monitoring and recording (ideally 12 hours apart and prior to any temperature-reducing medication (i.e. Bute or Banamine). Temperature logs will be provided for placement on the stall door for recording temperatures.
 - **Limit Horse-to-Horse Contact:** Direct contact between horses from different home facilities should be minimized, and horse-to-human contact between facilities should be limited.
 - **Avoid Shared Equipment or Water Sources.** Do not share equipment between horses, and do not use communal water sources. Make sure horses have their own buckets, feed pans, grooming equipment, and rags, and limit or eliminate other equipment that touches more than one horse. Fill water buckets without submerging the hose in the buckets.
 - **Reporting a Febrile Horse:** Any horse with a temperature over 101.5F is required to be reported immediately to the official veterinarian, who will examine the horse to determine the next steps, and to horse show management. Any horse suspected of having an infectious disease will be required to immediately enter isolation stabling or be removed from the property.
 - **Reporting a Sick Horse:** Report any horse with observable signs of illness, including, but not limited to, nasal discharge, abnormal gait, change in feed or water consumption, or change in behavior to the official veterinarian and show management.
- The official veterinarian for this event is **San Dieguito Equine Group**, and they are available at **760.591.9952** during this event to take reports of fevers or illness.

IF AN INFECTIOUS DISEASE IS SUSPECTED

- **The official veterinarian** may require a potentially sick horse to be tested for infectious disease at the owner's expense. If the owner/trainer chooses not to submit to testing, the horse may be asked to leave the competition venue.
- **Per USEF requirements**, we have a biosecurity plan in place for where and how to isolate any potentially sick or exposed horses, and we will work closely with state animal health officials to assist with contact tracing and any additional health and safety measures they require.
- **Failure to Comply with Biosecurity Measures:** Individuals who fail to comply with any biosecurity requirements will be reported to USEF for enforcement action and may be removed from the premises.

FEDERATION ENTRY AGREEMENT

By entering a Federation-licensed Competition and signing this entry blank as the Owner, Lessee, Trainer, Manager, Agent, Coach, Driver, Rider, Handler, Vaulteur or Longeur and on behalf of myself and my principals, representatives, employees and agents, I agree that I am subject to the Bylaws and Rules of the United States Equestrian Federation, Inc. Management reserves the right to combine or cancel. Management reserves the right to limit entries in a class. Refused entries will be returned.

ASSUMPTION OF RISK: By signing the entry blank, the Owner, Lessee, Trainer, Manager, Agent, Coach, Driver, Rider, Handler, Vaulteur or Longeur acknowledges that horseback riding, particularly jumping, is a dangerous activity & involves inherent risks that may cause serious injury & in some cases death because of the unpredictable nature & irrational behavior of horses, regardless of their training & past performance & expressly assumes all such inherent risks whether identified herein, in the entry blank, or in the Federation Rules & Regulations. A horse, without warning or any apparent cause, can buck, stumble, fall, rear, bite, kick, run, make unpredictable movements, spook, jump obstacles, step on a person's foot or push a person-all of which may cause the rider or observer to fall or be jolted, resulting in serious injury or death. A horse may also become loose & cause injury to an observer or rider or to another horse-a loose horse can run at full gallop in a panic & run into objects or persons or other horses. The Show Ground Facilities are bordered by highways / roads & thus noise from traffic & other sources occurs that can & will cause a horse to unexpectedly spook or react quickly. The Show Ground Facilities contain roads or driveways that are traversed by cars, golf carts, tractors, trailers & heavy equipment all of which may spook a horse. The above warnings & risks are meant as an example of some of the risks that are inherent & may be encountered but it is agreed this is not an exhaustive list & there are numerous additional conditions & / or events that may result in injuries while participating in the Competition & / or being present on the Show Ground Facility.

Stabling Inquiries - DelMarOffice@HITSShows.com

RV RESERVATIONS: Contact DelMarRV@HITSShows.com. RV space reservations must be received in advance to guarantee a space.

STALL CLEANING: Please deposit all manure at the ends of the barn aisles & NOT in the middle or in front of the stalls. If you leave anything behind in the stable area, you will be billed a minimum of \$500. If syringes are left anywhere other than the receptacles provided you will be billed \$75 per syringe. This will be strictly enforced. Trainers are encouraged to supervise their staff to avoid this fee.

STALL ALTERATIONS: As part of HITS Del Mar's ongoing commitment to ensure the safety of all participants, particularly the horses in this instance, as well as preserving the integrity of our facilities, we are implementing important updates to our stabling guidelines. These new guidelines apply to all events hosted at Del Mar Horse Park. We kindly ask for your attention to the following points: **Removal of Stall Customizations:** Effective immediately, all customizations to the stalls, including but not limited to nails, screws, staples, eye hooks, plastic sheeting, metal wire, twine, & the like must be removed. The use of such materials, especially staples, poses significant risks to the horses & the integrity of our facilities. We strongly recommend the elimination, or at the very least, significant limitation of staples inside the stalls. Our goal is to ensure that all stalls are safe, clean, & in their original condition (minus the bedding). It is the competitors' responsibility to ensure that their staff is fully informed of & complies with these updated guidelines. We encourage team leads to hold briefings with their staff to ensure everyone is aware of these changes & understands the importance of adhering to them. **Fines for Non-Compliance:** In our efforts to maintain the highest standards of facility upkeep & animal safety, **HITS Del Mar will impose a fine of \$500 for stalls that are not left in good condition.** This measure is not intended to be punitive, but rather to underscore the importance of leaving the stalls in the same condition as they were found (bedding excluded). We believe this will encourage a collective effort towards maintaining a clean & safe environment for everyone, a form of pay-it-forward to all who utilize our stabling. We understand that these updates may require some adjustments, & we appreciate your cooperation & commitment to creating a safe experience for all. Should you have any questions or need further clarification, please do not hesitate to contact our office. DelMarOffice@HITSShows.com

LAYOVER: Stalls will be available for laying over between shows. Please contact Del Mar Horsepark for availability, pricing & reservations.

Actions that make you immediately think,
"This behavior must stop."

Sometimes athletes can be acting in the red zone without even realizing it - these situations may be resolved by a licensed official interrupting the training, discussing the issue, and providing a verbal warning.

If you see an interaction that falls into the red zone, please alert an official to the situation and submit a report.
