NEGATIVE COGGINS REQUIRED DATED WITHIN TWELVE MONTHS

PROOF OF VACCINATION

Via a signed statement from the attending veterinarian that the horse has been vaccinated against the following:

Within 6 months (180 days) of each show: Equine Influenza

Within 6 months (180 days) of each show: EHV 1 and EHV 4

If a vaccination will expire during one of the shows, the horse must receive its new vaccination prior to being issued a competition number for that show.

These documents must be filed in the Show Office before any competition numbers will be issued. In addition, random checks for Equine Health Requirements will occur. Be sure to keep a copy of all of your horse's Equine Health Requirements in an easily accessible spot (in your tack room or tack trunk, truck or trailer) to ensure you can comply with this requirement. The results on all required papers must indicate the horse's registered (show) name.

Any horse not accompanied by these documents will be directed to the Show Veterinarian to obtain the required documents and/or vaccinations, and/or will be placed in quarantined stabling until the proper documents are obtained. Any horse showing signs of fever/ illness/stress is subject to examination by HITS Officials and/or the Show Veterinarian, who may at their sole discretion, place the horse in quarantined stabling or take further action if deemed necessary.

Health Documentation: All ship-ins/day trippers (showing or non-showing) must file the proper Health Requirements in the show office, and must be prepared to present those health records at any time while on the Showgrounds. Ship-ins/day trippers will be subject to random checks by HITS Staff. Keep a copy of all of your horse's records in your truck or trailer to ensure you can comply with this requirement. Before you arrive,

HERE ARE A FEW REMINDERS ABOUT THE BEST WAYS YOU CAN KEEP YOUR HORSES SAFE & HEALTHY

- **Temperature Monitoring:** Twice daily temperature monitoring is highly encouraged while on the competition grounds and management will provide temp logs upon request. In the event of elevated disease risk or an infectious disease incursion, management will notify competitors of mandatory twice daily temperature monitoring and recording (ideally 12 hours apart and prior to any temperature-reducing medication (i.e. Bute or Banamine). Temperature logs will be provided for placement on the stall door for recording temperatures.
 - **Limit Horse-to-Horse Contact:** Direct contact between horses from different home facilities should be minimized, and horse-to-human contact between facilities should be limited.
 - **Avoid Shared Equipment or Water Sources.** Do not share equipment between horses, and do not use communal water sources. Make sure horses have their own buckets, feed pans, grooming equipment, and rags, and limit or eliminate other equipment that touches more than one horse. Fill water buckets without submerging the hose in the buckets.
 - **Reporting a Febrile Horse:** Any horse with a temperature over 101.5F is required to be reported immediately to the official veterinarian, who will examine the horse to determine the next steps, and to horse show management. Any horse suspected of having an infectious disease will be required to immediately enter isolation stabling or be removed from the property.
 - **Reporting a Sick Horse:** Report any horse with observable signs of illness, including, but not limited to, nasal discharge, abnormal gait, change in feed or water consumption, or change in behavior to the official veterinarian and show management.
- The official veterinarian for these events will be posted in the show office, and are available during this event to take reports of fevers or illness.

IF AN INFECTIOUS DISEASE IS SUSPECTED

- **The official veterinarian** may require a potentially sick horse to be tested for infectious disease at the owner's expense. If the owner/trainer chooses not to submit to testing, the horse may be asked to leave the competition venue.
- **Per USEF requirements**, we have a biosecurity plan in place for where and how to isolate any potentially sick or exposed horses, and we will work closely with state animal health officials to assist with contact tracing and any additional health and safety measures they require.
- **Failure to Comply with Biosecurity Measures:** Individuals who fail to comply with any biosecurity requirements will be reported to USEF for enforcement action and may be removed from the premises.

Electric Golf Carts will not be permitted to plug in to any electrical outlet on the grounds.

- **Dogs must be restrained on the show grounds.** Loose dogs will be picked up and detained and the owner fined \$100. The owner may be barred from showing and expelled from the show grounds for a second offense, or for refusal to pay the fine, and will not be entitled to any refund of entry or stabling fees paid or due. Management reserves the right to call Animal Control to have an animal removed from the premises.

- **Electrical/Fire Regulations.** Electrical installation and connections must meet all state and county codes. Aisles shall be maintained clear for a minimum of six feet wide by eight feet high. No obstructions or projections shall be allowed in these aisles. No Class I Flammable Liquids such as gasoline are allowed inside the buildings. Cooking is not permitted within any stable area. Further, Management reserves the right to bar any exhibitor found to be in violation from any further participation in the horse show without recourse to any refund of entry or stabling fees paid or due.

- **Stall Customizations:** As part of HITS ongoing commitment to ensure the safety of all participants, particularly the horses in this instance, as well as preserving the integrity of our facilities, we are implementing important updates to our stabling guidelines. These new guidelines apply to all events. We kindly ask for your attention to the following points: Removal of Stall Customizations: Effective immediately, all customizations to the stalls, including but not limited to nails, screws, staples, eye hooks, plastic sheeting, metal wire, twine, and the like must be removed. The use of such materials, especially staples, poses significant risks to the horses and the integrity of our facilities. We strongly recommend the elimination, or at the very least, significant limitation of staples inside the stalls. Our goal is to ensure that all stalls are safe, clean, and in their original condition (minus the bedding). Responsibility of Competitors: It is the competitors' responsibility to ensure that their staff is fully informed of and complies with these updated guidelines. We encourage team leads to hold briefings with their staff to ensure everyone is aware of these changes and understands the importance of adhering to them. Fines for Non-Compliance: In our efforts to maintain the highest standards of facility upkeep and animal safety, HITS will impose a fine of \$500 for stalls that are not left in good condition. This measure is not intended to be punitive, but rather to underscore the importance of leaving the stalls in the same condition as they were found (bedding excluded). We believe this will encourage a collective effort towards maintaining a clean and safe environment for everyone, a form of pay-it-forward to all who utilize our stabling.

- **Damage.** Owners and exhibitors shall be held responsible for damage caused by them, their agents or employees to stalls, buildings and other properties on the show grounds, and shall be billed accordingly.

HEALTH & VETERINARY

- **Equine Health Requirements will be enforced.** The Equine Health Requirements are Required for all horses entering the Show Grounds both Showing and Non Showing. To ensure the safety of all horses competing at HITS managed venues, the following documentation must be uploaded through EquiTrace EventPass prior to on-site arrival. Each horse entering the show grounds is required to have a negative coggins (within a year) and proof of Flu/ Rhino and EHV 1/4 vaccinations (within 6 months). Additional documents may be required based on current biosecurity climate.

HITS follows a strict biosecurity protocol. The effectiveness of our protocol depends on exhibitor's adherence to the biosecurity rules and communication with show management and official show veterinarian. Participants are expected to notify management immediately of any signs of an ill horse. Per GR873 any horse with a temperature of 101.5+ must be reported to official show veterinarian. Upon veterinary examination, if diagnostic testing is deemed necessary, testing will be conducted at owner's expense. If veterinarian suspects infectious disease after inspection, the horse will be required to go to isolation or off the property.

- **Sharps & Medical Waste** – Appropriate Sharps Containers for the disposal of used Needles will be placed in all barns and tent stabling areas, at the end of aisles or at the breezeways. Sharps must only be disposed of in these containers. Anyone found in violation of proper disposal or in vandalism or removal of any provided Sharps Container will be fined \$100 and may face further penalties deemed necessary by Show Management. See GR1210.4 for complete details.
- **Show Veterinarian** phone number will be posted at the Show Office.
- **Alcoholic Beverages** in any form may not be brought onto the show grounds.

PARCEL DELIVERIES: Management will not be responsible for mail or parcel deliveries made to exhibitors, vendors or others. Please make arrangements accordingly.
